KENYAN SAFARIS

Experience the incredible diversity of wildlife found in the Masai Mara, Amboseli and Kenya's other national parks. The herds of elephant, the masses of wildebeest and prides of lion are just the beginning of any safari. Between game drives, take an excursion to a Masai village to experience the traditional culture of the people that live in Kenya's national parks.

Relax in the luxury of our hand-picked lodges. High-class amenities combine with excellent service in the intimate setting of our small tented camps. Enjoy both luxury and the authentic nature of the African bush for an unforgettable safari experience.

TANZANIAN SAFARIS

Antelope, buffalo, giraffe, lion, leopard, elephant and more abound in this plentiful land. The annual Great Migration brings over two million zebra and wildebeest into northern Tanzania from November to June, creating a spectacular explosion of life in the savannah.

The Northern Tanzanian Circuit offers the classic big game safari. Elephant, lion, giraffe and more populate the expanses of these parks. Head to Tanzania's southern parks for a road less traveled. Walking safaris, fewer travelers and all of the game animals found in the north await.

BEACH DESTINATIONS

MOMBASA

Scuba diving, windsurfing and more can be found in Mombasa, where white-sand beaches and crystal-clear blue waters await.

ZANZIBAR

Swim with dolphins on this island paradise or relax on one of the many beaches. Zanzibar's resorts come complete with pools, spas, world-class dining options and amazing beaches just a few meters away.

LAMU

Winding streets where cars are prohibited, pristine beaches and warm weather make Lamu the ultimate beach getaway.

ZANZIBAR TOURS

Zanzibar remains an island paradise where traditional Swahili and Muslim cultures mix in an intimate setting. Get lost in Stone Town's winding, narrow streets before heading off on a spice plantation tour.

Enjoy the white-sand and sun-soaked beaches that surround the island. Relax at one of the many resorts and hotels or venture into the warm ocean waters for kayaking, scuba diving and much more.

MOUNTAIN TREKKING

East Africa offers adventure travelers the opportunity to climb Africa's two highest peaks, Mt Kilimanjaro and Mt Kenya. Both offer spectacular views from the summit as well as a variety ecosystems as you make your way to the top. Neither climb requires technical climbing skills.

DAY EXCURSIONS

From Nairobi to Dar es Salaam to Mombasa, we provide day excursions for those looking to experience more of East Africa. Kiss a giraffe, feast on crocodile and camel, nurse orphaned baby elephants and enjoy local cultural events in just a few hours.

INCENTIVE TRAVEL

We provide incentive organizers with the planning and organization needed to treat their clients to a sensational African experience. From a wilderness safari to an island getaway, we take care of all the behind the scenes work. Experience group bonding and personal growth in the exhilarating wild of Africa.
